

**A regular practice involves:**

20  
Athletes

1  
Coach

120  
Minutes

Which only gives  
a coach

**6**  
minutes  
per  
athlete

**50%**  
of practice

spent on stopwatch,  
counting strokes, writing  
on the board, etc.

**3 minutes**  
per athlete

time lost not talking  
to athletes or  
watching technique

**TritonWear gives this time back!**

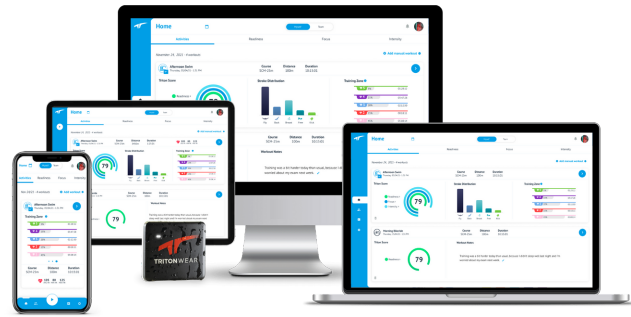

**322**  
full practices  
per season

Time recovered using  
TritonWear to collect data:  
16.1 hours / year / athlete  
322 hours / team / year

Equivalent to:

8 workouts / year / athlete, or  
160 workouts / team / year

**What is this worth?**

To track your athletes effectively, you're going to need one  
of two things: technology, or more coaches on deck.

**Financial value  
for Parent**

**\$60** hourly cost for a  
personal coach

16.1 hours per  
year equals

**\$966**  
worth of personal  
coach time gained

**\$238** TritonWear  
cost per athlete

TritonWear costs **\$728**  
less than investing in an  
equal amount of personal  
coaching time per child

**Financial value  
for Team**

**\$18,000**

Minimum annual cost for  
an additional person

**\$4,760**

TritonWear  
cost per team  
(assuming 20 athletes)

TritonWear saves you over

**\$13,240**

compared to hiring  
an additional person
